

Bison Price List

Steaks

Filet Mignon	\$37.99 per lb
Ribeye Steak	\$25.99 per lb
New York Strip Steak	\$24.99 per lb
Flank Steak	\$17.99 per lb
Skirt Steak	\$17.99 per lb

Ground Bison

Ground Bison *	\$ 12.50 per lb
Bison & Bacon Ground	\$13.00 per lb

Bison Sausage

Bratwurst - 4 per pack	\$ 15.00
Summer Sausage 8oz	\$ 10.00
Hot Dogs/Wieners - No Nitrates - 6 Pack	\$ 15.00

* Ground bison meat may be used as a substitute for ground beef in most recipes. Since ground buffalo contains very little fat, moderate temperatures will help insure that the meat does not scorch. With ground buffalo meat, what you see raw is what you get when it is cooked, as there is very little shrinkage in cooking.

NUTRITIONAL COMPARISONS

Per 100 Grams (3.5 oz) Serving Cooked Meat

Why Choose Bison?

Bison, also known as buffalo, is quickly becoming America's choice for truly natural meat. Bison is federally prohibited from receiving growth hormones and antibiotics are only used in emergency situations, in which the welfare of the animal is in jeopardy. Further, bison are raised on pasture, as family units, requiring and receiving no shelter. We attribute these qualities to the fact that the American bison truly is native to the North American landscape and has evolved with it over millions of years. The result is a sustainably raised, humanely treated, natural meat product. And it's good for you!

Deliciously healthy buffalo meat is lower in fat and cholesterol than beef, chicken and even salmon. Bison is a very lean meat, yet isn't tough and does not have a "gamey" taste, rather, as chefs and consumers across the country will attest to, bison has a slightly sweeter taste than beef and when prepared correctly is extremely tender.

The American bison, once on the brink of extinction, has made a tremendous comeback largely due to the efforts of North American ranchers who have raised the number of bison from less than 1,000 to approximately 500,000 in the U.S. and Canada.

TASTE

People are rapidly discovering the deliciously healthy taste of bison. Most people interviewed feel buffalo is the most flavorful meat they have ever tasted, with a slightly sweeter and richer flavor. Bison is naturally flavorful and tender and can be used in any red-meat recipe without special handling.

VALUE

Bison falls into the gourmet or specialty meat category. The value of bison is not what you pay, but what you get in return. Nutritionally you are getting more protein and nutrients with fewer calories and less fat. Bison is a dense meat that tends to satisfy you more while eating less.

HEALTH

Bison are handled as little as possible. They spend their lives on grass, much as they always have. They are not subjected to questionable drugs, chemicals or hormones.

NUTRITION

Research by Dr. M. Marchello at North Dakota State University has shown that the meat from Bison is a highly nutrient dense food because of the proportion of protein, fat, mineral, and fatty acids to its caloric value. Comparisons to other meat sources have also shown that Bison has a greater concentration of iron as well as some of the essential fatty acids necessary for human well being. Readers' Digest magazine has even listed bison as one of the five foods women should eat because of the high iron content.

"Bison" The Healthy Red Meat

Grilled Bison Steak

Rub your favorite 6 oz. cut of Bison steak with a combination of a little garlic salt, cooking oil, and lemon pepper. Grill steaks 4-6 inches above medium hot coals (325 degrees) for the following times, depending on thickness:

1" thick

Rare: 6 - 8 minutes

Medium: 8 - 10 minutes

1 1/2" thick

Rare: 8 - 10 minutes

Medium: 10 - 12 minutes

2" thick

Rare: 10 - 12 minutes

Medium 14 - 18 minutes

Tips: Steaks recommended for grilling/barbecuing include Rib Eyes, T-Bones, Porterhouse and New York Strips. Lesser quality Bison steaks are not recommended for grilling unless they have been marinated. Using a fork to turn steaks punctures the meat, so use tongs for turning and keep those wonderful juices in the steak. Bison steaks taste best when grilled to rare or medium (still pink in the center). Cooking time is important to avoid overcooking.

Edmonds Farm

BISON RANCH & HAY FARM
